

Johannes Gutenberg University Mainz (JGU) is one of the largest universities in Germany. In the Rhine-Main science region, it develops its performance strength, innovative power and dynamism. As a full university, JGU enables teaching and learning across disciplinary boundaries and opens up great potential for internationally renowned, interdisciplinary research. JGU unites almost all of its facilities on a campus close to the city center - a place of lively academic culture for researchers, teachers and students from all continents.

Department of Social Sciences, Media and Sports / Psychological Institute / Department of Clinical Psychology and Neuropsychology at the Psychological Institute

Research assistant

Part time (26%)

Your tasks:

- Management and implementation of research projects
- Conducting teaching therapies together with master students according to PsychThApprO §18
- Continuation of outpatient psychotherapies without student participation
- Screening of patients
- Instruction of practice-oriented case seminars within the framework of the job-qualifying activity III according to PsychThApprO §18
- Teaching implementation in the field of clinical psychology and psychotherapy at bachelor and master level (e.g. practice-oriented courses of the job-qualifying activity II)
- Further development of psychotherapeutic methods

Your profile:

In addition to the general requirements under civil service law, applicants must meet the requirements for employment stipulated in § 57 of the Rhineland-Palatinate Education Act (Hochschulgesetz Rheinland-Pfalz).

- Completed university studies in psychology (Master or Diploma),
- Licensing (or near licensing) as psychological psychotherapist with specialization in depth psychology
- Very good knowledge of the reformed Psychotherapeutengesetz (PsychThG) and the Approbationsordnung für Psychotherapeutinnen und Psychotherapeuten (PsychThApprO).
- Previous experience in teaching and/or supervising students
- Interest in research in the field of resilience research

We offer:

- a friendly and cooperative environment
- fair working hours and family-friendly working conditions
- extensive opportunities for further education and training
- the opportunity to participate in current research projects and international scientific networks

The position is paid according to **EG 14 TV-L** and is to be filled as soon as possible, initially for a limited period, **with the option of a permanent contract**.

We are a place of diversity and welcome qualified applications from people with different backgrounds.

We strive to increase the proportion of women in the scientific field and are therefore particularly interested in applications from women.

People with severe disabilities will be given preferential consideration if they are suitable.

Please send your application documents summarized in a pdf-file with the **identification number 03923-02-wiss-nk** by **30.09.2023** via e-mail to:

wessa@uni-mainz.de.
